

Company description

Let's build the new backbone of asset management!

Together with one of the largest insurance groups in Germany and one of the world's leading consulting firms, we are building an AI-based SaaS solution that supports credit analysts with credit risk assessments. We truly believe that we can build a new standard in asset management and change the entire industry for the better. Our company is still in stealth mode and we are currently looking for a Senior UX/UI Designer to support our motivated team of Data Scientists, Software Engineers and Business Building Experts in Berlin. Join the ride!

Senior UX/UI Designer - Design of an AI based FinTech Product

Role description

- Design complex user flows based on business logic
- Collaborate with the product team on user testing and research, translating data into tangible product enhancements
- Work closely with the product team to explore and discover our user needs, helping to pinpoint what we should build
- Create prototypes, wireframes and mock-ups for user testing and internal stakeholder feedback together with the rest of the product and development team
- Develop a style guide for the product that establishes the high quality brand in close collaboration with our branding team
- Promotion and assurance of an agile, user-centered working mode

Key requirements

- University degree in art, product/user experience design or corresponding experience in UX/UI design
- Proven track record of designing websites and mobile applications, ideally in the financial sector or related
- Experience in the full design process including a variety of design approaches, methodologies and prototyping skills
- Open, approachable personality with strong social skills and hands-on mentality
- Ability to show us your working process (either personal or in your portfolio)
- Fluent in English, German is a plus

Benefits

- Development of a FinTech Start-Up financed by industry relevant investors and partners
- Immediate start thanks to an existing interim Design team
- Dynamic environment that allows for the implementation of own ideas
- Sparring and support from top-class industry and technology experts from the investor and partner network
- Flexible working hours and an attractive salary
- Fully-equipped office in a renovated Victorian building with rooftop terrace and ideal connection to the heart of Berlin Mitte
- Feel-good vibes with fruit, snacks and drinks
- Annual, team off-site and regular team events

How to apply

We look forward to receiving your application with cover letter, curriculum vitae, a (digital) example of your prior work as well as details of your salary expectations and earliest possible starting date: **jobs@makers.do**
